FIRED A SHOT OR TWO AT SEA

Lively Duel Between the Cushing
And a Spaniard

AMERICAN'S FUNNEL SHOT AWAY AND SHE RETIRES

London, April 27.—Special.—The report that an American torpedo boat destroyer and the Spanish gunboat Ligora had an engagement off Cardenas Bay is partially confirmed by a dispatch received from Havana via Jamaica. The dispatch says ten shots were fired, when the American boat retired badly damaged. The funnel of the Spanish boat was shot away. Another report says each boat fired eleven shots apiece, and that the American boat, though apparently damaged, was not disabled. The American boat is supposed to be the Cushing.

Key West, April 27.—[Special.]—It has been learned positively that the torpedo boat which had a fight off Cardenas was the Foote. It is not believed that she was injured.

Surrendered Easily.

Key West, April 27.—[Special.]—The Spanish coast steamer, Ambrosia Bolivar was captured last night by the Monitor Terror. One shot caused the Spaniard to surrender.

The captain of the captured steamer died all night, and begged that he be killed. He attempted to buy a revolver from the prize crew, having been disarmed, as he wanted to shoot himself.

The City of Paris is All Right.

London, April 27.—[Special.]—Confidential information regarding the secret instructions given the captain of the City of Paris warrants the positive statement that the steamer will reach her destination in due time.

Key West, April 27.—[Special.]—Fires are reported along the Cuban coast. It is surmised the Spanish troops have begun to burn Cuban towns in anticipation of defeat or for revenge against the insurgents.

DID NOT LIKE THE SENSATION

J. G. De Long Was On Board the Train
Colliding At Fond Du Lac.

J. G. DeLong, who was bookkeeper for the Richardson Shoe Company in this city, was in the wreck at Fond du Lac yesterday that resulted in the death of Engineer Dolan, of this city. Mr. DeLong was aboard the passenger train that crashed into the freight, being on his way to Menominee, Mich. He describes the wreck as being terrible, and says that he cares to be in no more such mishaps. No one aboard the passenger train was dangerously injured, although several were badly bruised.

GENERAL KING TO COMMAND

Wisconsin Congressman Urge His Appointment to a Brigade

The impression prevailed at Washington last night that Gen. Charles King will be appointed a brigadier-general and that he will be assigned to take command of the brigade of Wisconsin troops, although the last point will not be decided until after

the appointment is made. Gen. King arrived early yesterday morning in company with Senator Mitchell.

During the morning Senator Spooner visited the president and secretary of war on the subject, and the senator believes that the outlook for the appointment is good.

All the members of the delegation in the house have signed the request for the appointment except Representative Minor. Messrs. Babcock and Jenkins investigated the subject last night and decided to join in the request. The house delegation called on the secretary of war this morning to urge the appointment and they may also call upon the president. Senator Mitchell is in favor of the appointment of Gen. King.

NO ORDERS CAME TODAY

The Janesville Light Infantry Are
Not Called to Arms.

ADJUTANT GENERAL BOARDMAN NOT HEARD FROM.

THE Janesville Light Infantry still wait for orders to move. Up to four o'clock this afternoon Adjutant General Boardman had not been heard from, although it is thought that the order will certainly be received before night.

The company will go to Milwaukee at once and go into camp at the State Fair grounds pending the mustering of the troops into Uncle Sam's service by Lieutenant F. M. Caldwell, of the U. S. army, who has been detailed by the War department as the mustering officer for Wisconsin. It was in order that all the troops may be mustered in as rapidly as possible, it is thought, that the order to rendezvous in Milwaukee was issued, instead of gathering them by regiments—the First in Janesville.

The hearts of the men of the Fourth changed. The First, Second and Third regiments came in first by the glad yesterday by the announcement of their colonels and the way that three full regiments of infantry for the admittance of the Fourth, which is plainly needed to fill out the state's numerical quota, is combining the war strength of 100 men to the company. This means 3,600 men from the state, exclusive of officers.

This is 100 more than are in the guard today, and will necessitate the recruiting of each company up to a war footing. This can easily be done, as the companies throughout the state have more than enough applicants to bring the company up to 100 men.

It is also announced that the First battalion of the Fourth will be consolidated with the First regiment, to bring that regiment up to three battalions. The battalion will probably be recruited from the other four companies of the regiment, while the remaining men can probably get on the strength of the companies of the First, and so be in the same regiment as their old comrades.

This will leave Colonel Seaman, Lieutenant Colonel Shea and Major Cambler of the Fourth regiment without commands, as they are juniors of the similar officers of the First, a situation which they do not relish. But the main point in the situation as developed today is that all those guardsmen who want to go to the front will have an opportunity to do so, as well as others who desired to enlist.

King May Command
Another thing that gave the Wisconsin guardsmen a great deal of pleasure was the statement made in Washington dispatches to the effect that General Charles King was very likely to be one of the first brigadier generals named by President McKinley this week.

While it is by no means sure that even in such case General King would command the Wisconsin troops the guardsmen will hope that such a combination may be brought about, and point to the case of the old Iron brigade in the civil war, which was made up of three Wisconsin regiments and one Indiana regiment, and was commanded by General Rufus King, the father of General King.

Gather At Milwaukee.
Milwaukee has been fixed upon by the secretary of war as the center for the mobilization of the Wisconsin troops. While nothing has yet been decided it is entirely within the probabilities that the orders for mobilization are issued from Adjutant General Boardman's office that the troops will be directed to make the state fair grounds at North Greenfield, ten miles from the city, their objective point.

Besides the fifteen nurses who have registered with Major Bradley of the Fourth regiment, six of the best professional nurses in the city, all graduates of the Wisconsin Training school, have sent their names to the war department at Washington, and are ready for work at first call. These are the Misses Gertrude Rowland, Frances Wing, Mary Fayles, Mary Macomber, Mary Gillian and Anna Sorenson.

A Misunderstanding Cleared
The instructions regarding the muster of Wisconsin militia relative to which much misunderstanding has existed have been received by mail from Washington. These clear up the uncertainty that had been expressed as to the authority for determining just what regiments shall go from the state. The order plainly shows that the adjutant general has the full power to choose the regiments which shall be sent from Wisconsin and in that respect the situation was un-

The Blockade of Matanzas.

On Board the Cruiser Cincinnati, off Matanzas, Cuba, April 27.—[Special.]—Last night considerable excitement was caused by a small tug trying to leave the harbor. The general belief was that she was a torpedo boat, and as such she was treated. The Puritan gave her a round. We have had several shots at a tug supposed to be mining the harbor.

INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Gossip of a Personal and Business Character Gleaned By Gazette-Reporters in the Garden Spot of Wisconsin — Religious and Social Notes

Emerald Grove, April 26.—I. E. Dennis went to Clinton on business today. He went with his bicycle conveyance. Pastor Dennis and wife have been making numerous calls during the last week. Some of our young people attended services at the No. 4 church Sunday evening. Mrs. Putnam, east of the village, has been suffering from an attack of pneumonia, but is improving at last accounts. Frank Foote has been called abroad by the death of an uncle. On Sunday morning our village people were shocked by the sad news of the death of Miss Edith Wright, the second daughter of Mr. and Mrs. Clarence Wright. It was not generally known that Edith was seriously ill. She was in attendance at a party of young people a few evenings ago, in apparent good health, but the dread pneumonia fastened itself upon her, and in spite of all that human aid could do, she passed peacefully away at 11 o'clock on Saturday evening. Though scarcely fifteen years of age her quiet, retiring spirit and womanly grace made her seem more mature. Her very sudden death comes with crushing weight upon the members of the family, and upon a large circle of her young associates. Her sweet spirit and gentle ways had won a large place in the hearts of all who knew her. The funeral services will occur at 2 p. m. on Tuesday at the Congregational church conducted by the pastor, Rev. E. W. Dennis. The Y. P. S. C. E. have introduced a series of readings for a part of the evening Sunday services. The readings are of the serial character, conducted by different members. At the close of the reading the pastor elucidates the narrative as read and applies the moral and spiritual teaching. The new departure bids fair to be a success. The Emerald Grove cemetery association will hold its annual meeting on Saturday, April 30, at 8 o'clock p. m. in the old church. Rev. Samuel Plantz spent Sunday with his parents, Mr. and Mrs. James Plantz. Gillies & Jones are hauling a car of barrel salt from Janesville. Miss Birdie Davis, of Janesville, is stopping with Mr. and Mrs. John Thoma. A number of our young people spent a very pleasant evening at the home of Mr. and Mrs. Frank Coulter last Friday. The gathering was in honor of their son Willie who was very agreeably surprised Mr. and Mrs. Geo. A. Davis visited Beloit Sunday. Farmers are just finished sowing barley. The wet weather of last week caused work to move very slowly. Wm. Boss is putting a coat of paint on his residence. Mrs. Peter Decker is confined to the house by attack of the grip. The remains of H. L. Stoller, of Kansas City, were interred here last Friday. He was a brother of Chas. Stoller, also Mrs. James Plantz.

Footville

Footville, April 26.—The grand opening of J. S. Hart's new general store is announced for Saturday April 30. Preparations are being made that will make the event a notable one. An expert decorator from Milwaukee has had charge of the decorat on and interior arrangement. The owner of the building, Mr. Stiles has spared no expense to make it thoroughly adapted to its purpose, a new floor, shelves and counters among the improvements. The local press of Marshall, from which place Mr. Hart and his family have come to Footville, spoke of him in a late issue as being a progressive and enterprising merchant and congratulated this village on his taking up his residence here. With three complete general stores Footville deserves to be recognized as an advantageous trading center. Jas. Ryan, of Janesville, is erecting a building directly west of J. P. Devins' blacksmith shop to be used for saloon purposes. Messrs. Strang and Owen have laid the foundation for their new office. In anticipation of Arbor Day the local school board have caused several trees to be planted in the school yard. Arbor Day exercises will be held on Friday of this week. J. T. Wright, of Janesville, the veteran Sunday school worker, is agitating the question of a Sunday school rally to be held in Footville early in the summer. The schools in all the surrounding towns will be invited to participate. The lecture on "Cuba and the American Navy" delivered by Wm. M. Lawton on last Thursday evening was very interesting and intensely patriotic. The photograph of Consul General Lee was greeted with prolonged cheers. Mrs. Julia Brown, a former resident of Footville, but now of Chicago, has been a guest at the home of Mr. and Mrs. D. Silverthorn, recently. Mrs. Samuel Dean, residing two miles north of the village, was taken seriously ill early Friday morning. Her condition is so critical that but slight hopes are entertained for her recovery. D. N. Howell, who has been sick for over a year, is falling so rapidly that his death is almost hourly expected. The members of his family who live from home have been summoned and are at his bedside. Mrs. Frank Lowry, of Center, has been visiting her parents, Mr. and Mrs. F. P. Wells, during the past

FRENCH TAILOR COSTUME FROM HARPER'S BAZAR

Very ladylike and practical for summer wear is the natty short-jacket tailor gown, which forms an attractive change from a coat and skirt costume. The material of this gown is one of the new French cloths in subdued mixed color effects. The skirt, lined with soft black satin, is made perfectly plain. It has five gores, and is a very desirable model of a simple tailor gown for general wear. Three and three-quarter yards is the width of the foot, and the back breadths of the skirt, may be fitted in deep pleats or gathered, as preferred. The little close-fitting coat, slightly double breasted and opened in front with a broad sailor collar, is braided with soutache. It is fastened across with round tortoise-shell buttons set between the braided motifs at the edge. These motifs are repeated on the collar and cuffs, as well as at the top of the darts, which are outlined with the braid. The coat ends at the waist-line back and front, where it is out in a curved form, and bordered with soutache. The entire back is of stretched material. The sleeve is made very small, with no unnecessary fullness at the top. The proper cut of the custom can be obtained from the cut paper patterns furnished by Harper's Bazar, where it appears. Pretty touches are given to the costume by a variety of chemisettes, worn with the new soft scarfs in Roman and Persian colors. The hat with chiffonne satin crown, which accompanies the gown, is of the same dainty simplicity. Its only trimming is one broad curling ostrich plume and a full ruche of shaded tulle which borders the edge. Approximate quantity of material for gown: Cloth, 48 inches wide, 5 yards; silk or satin for lining, 14 yards; soutache, 1 piece.

HAS BOUGHT A LARGE DOMAIN

Janesville Attorney Purchases Thirty-Eight Thousand Acres of Land.

Attorney J. L. Mahoney, formerly of this city, but now located at Beaumont and Port Arthur, Texas, is getting to be a land purchaser on the Vanderbilt and Gould order. According to the Beaumont Enterprise, Mr. Mahoney has just made the purchase of a tract of 38,000 acres of land in Jefferson county, Texas, which lies not many miles from Beaumont. The object of this large purchase is to divide the land into eighty and one hundred and sixty acre farms, to be placed on the market.

The great trouble with Texas land owners is that they are in the habit of selling only farms that comprise thousands of acres, instead of hundreds of acre tracts as the northern farmer is used to buying and selling.

Mr. Mahoney says that he will now be able to overcome this difficulty by selling land in much smaller lots.

CUT IN TELEPHONE RATES

Competition Likely to Reduce the Cost of Service to Subscribers

John D. McLeod, general manager of the Wisconsin Telephone company, was in the city this week from Milwaukee for the purpose of looking over the local field.

During the past few days numerous high officials of the company have visited Janesville, and there is little doubt but the coming of the Janesville Telephone company has had much to do with their visits here.

"When the new company enters the local field you will see a general slashing of prices on the part of the Wisconsin," said one who is in a position to know, "and there will be no let up to it for several weeks and probably months."

INTERESTING EXPERIENCE.

Of an Iowa Lady Who Was Cured of Dyspepsia After Suffering for Twenty-five Years.

Mrs. Sarah A. Skeels, an estimable lady residing at Lynville, Jasper Co., Iowa, was for 25 years a sufferer from Dyspepsia, and her complete restoration to health is so remarkable that we present the facts in the case for the benefit of our readers, many of our readers many of whom have suffered in the same manner and will therefore, be interested in learning how much all stomach troubles may be avoided and cured. Mrs. Skeels says: I used only one package of Stuart's Dyspepsia Tablets and I received such great and unexpected benefit that I wish to express my sincere gratitude. In fact it has been six months since I took the medicine, and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I consulted told me my case was incurable as I had suffered for twenty-five years. I want half a dozen packages to distribute among my friends here who are very anxious to try this remedy.

Truly yours,

MRS. SARAH A. SKEELS.

The reason why Stuart's Dyspepsia tablets are so successful in curing indigestion and stomach trouble and the reason why it never disappoints those who need it and use it is because nothing is claimed for it except what it will actually perform. It is not a cure-all and no such claims are made for it. It is prepared for the sole purpose of curing Dyspepsia and the various forms of indigestion.

There is a costly patent medicine made but what is claimed to cure dyspepsia as well as a hundred other troubles. When as a matter of fact a remedy to cure dyspepsia must be prepared especially for that and nothing else; and among all the remedies, patent nostrums, bitters, etc., so extensively advertised you will find that Stuart's Dyspepsia Tablets is the only one advertised as a cure for dyspepsia and nothing else. The remedy is prepared by the Stuart Co. of Marshall, Mich., and for sale by all druggists at 50 cents per package, and if you suffer from any form of stomach derangement or indigestion a trial will not disappoint you.

Miss Agnes Wallace, who has been visiting friends at this place, expects to soon return to her home in Ohio. The Ladies' Industrial society will give a social at the home of Cornelius Dykeman on Thursday evening, April 28. Ice cream will be served, and a short program rendered. Ladies please provide cake. Tickets for supper ten cents. Mrs. Augusta Whitlock, of Chicago, is visiting her parents, Mr. and Mrs. D. L. Kane. John McGelsky went to Milwaukee recently, and returned last Tuesday with his bride. They will reside on the Lilburn farm near this village. The many friends of Lemuel Downe were surprised to learn of his death, which occurred at his home near Delavan, April 18. For 18 years he resided on a farm four miles southeast of this place, near Allen Grove, and was well and favorably known. This community has again been called upon to lay away one of its early pioneers the deceased being Robert A. Houston, who was born in New York, Oct. 14, 1810, and came to Wisconsin in 1840; was married to Miss Hannah Sears in 1847, who died in 1879. For the past few years he has resided with a son and daughter in Syracuse, N. Y., where he died April 29, after only a few hours' illness. He leaves three children, Henry, of Delavan, Charles L., and Mrs. Eva Weston, of Syracuse, N. Y. The remains were brought here for burial, Rev. Manion, of Delavan, conducting the funeral services at the M. E. Church, and the interment being in the village cemetery.

Afton.

Afton, April 25.—Enthusiastic and patriotic Aftonians, men, women and children, were out in force last Saturday to greet the troops of the Tenth United States cavalry and to cheer them on their way to the front. The boys were repeatedly admonished to "Remember the Maine," which admonition was evidently unnecessary, judging from the splendid fighting record of the tenth. The trains were run in four sections, the first three carrying the horses and mules belonging to the regiment, while the last was composed of two baggage cars and ten sleepers, with flags fluttering in profusion from the engine to the rear car. Two other trains carrying members of the Tenth passed through here early Friday morning. Mr. Burdick, of the junior class of Beloit college, occupied the pulpit of the Baptist church here last Sunday. The Woodmen meet in regular session next Saturday evening. Mrs. David Thorne and daughter Helen spent Sunday with Beloit relatives. Mrs. Rose B. Blank was over from Hebron, Ill., for a short visit with relatives here last week. J. T. Atkinson, assistant secretary of the Janesville Y. M. C. A., called on old Afton friends last Friday. The buildings at "Oakwood Stock Farm" are receiving a coat of paint. If Proprietor Humphrey should have them painted to accord with his feelings at present, they would be adorned with red, white and blue. Mrs. John Ketnelhoon is somewhat better. Forty-five young people perpetrated a pleasant surprise on Miss Grace Gundel last Friday evening, and spent a most enjoyable time.

Clinton Items.

Clinton, April 26.—P. O. Robinson and family returned from a very pleasant trip to Florida. J. H. Soper will begin work as deputy postmaster with W. H. Mayhew, May 1. The ball game between the grammar and intermediate rooms of Clinton school resulted in a score of 14 to 11 in favor of the intermediate. Roy W. Soper transacted business in Beloit on Wednesday. C. H. Gilbert, who is attending Beloit Academy spent Sunday with his parents. The Clinton High School will observe Arbor day next Friday on the school grounds. The Y. M. C. A. meetings are very helpful and well attended.

DEATH CALLED HER HOME

Untimely Demise of Ora Rhoda Howard at Harmony.

Ora Rhoda Howard, youngest daughter of Rush and Phebe Ann Howard, of Harmony, Wis., died very early on Sunday morning, April 24, at the residence of her sister, Mrs. Minto McComb, in Lima. She was born December 15, 1880, at Charles City, Iowa, her age thus being 17 years 4 months and 28 days. The cause of her death was cerebro spinal meningitis, a sequel of the measles, from which she had seemed to rally. Her entire sickness covered but three weeks and two days. The funeral was held at the home in Harmony at 1 o'clock on Monday, April 25, conducted by Rev. G. E. Chambers, late pastor of the Congregational church, and was very largely attended by her many associates, and sympathizing friends of her family. A great many of her classmates from Whitewater High school were present to show the esteem in which she was held by them.

Ora was a general favorite and was delighting her teachers with the progress she was making in her studies. Two years before she had graduated from the District school in Harmony, later giving one year to the study of music and then entering the High school in Whitewater. The Young Ladies' quartette of Milton furnished the music. The floral offerings were very beautiful from the Sunday School Milton, W. O. T. U. Milton, and many others. The interment occurred in the Milton cemetery. When the young of such promise die, it is not always we can see the reason, but we can be comforted in the providence of our Father God. And as the pastor spoke from Psalm 17th, 15th verse, "I shall be satisfied when I awake in thy likeness," we learned how wise God was and looked forward to the satisfaction of a more perfect knowledge in the life to come.

Alton B. Cady.

It is a sad shock when the dread reaper takes a young life from earth, especially one so full of promise, as that of our young friend, Alton Cady. He had grown up among us and was a general favorite. Of a bright cheerful disposition, with an attractive personality, the future seemed to hold much for him, and in a second everything was changed. He was born June 1, 1878, in Flint, Michigan, came to Wisconsin when two and one-half years of age, where the remainder of his life was spent. As a little boy he was capable and intelligent, and especially dear to the grandmother and great grandmother, as youth always endears itself to the aged. He also exhibited great talent in mechanics at an early age. It was owing to this that he obtained the situation where he lost his life, April 16, 1898. The fortitude he exhibited at the accident was remarkable. Any one can live courageously, but it takes great strength of character to meet a terrible death calmly and smiling, for spite of his pain he was thoughtful. When he told them to send for his folks he added "break it carefully to mother," as she was sick and he feared the effect upon her. Until he became unconscious he was cheerful and thanked every one who ministered to him; even telling his mother of special kindness shown to him by his employers, and he family with whom he lived. Death is a solemn thing at any time, but especially so it seemed on that bright afternoon, when they brought him home to the three little sisters, yet unconscious of his sad fate.

Funeral services were held at the home near Indian ford, April 18, 1898. Rev. Mr. Thayer chose as the text Jeremiah 9, 15, "The sun hath gone down while it is yet day." The pall bearers were Frank Brace, John Keely, Harry Langworthy, Herman Habs and Ora Grace. The flowers were many. Especially handsome was the star and crescent sent by the I. O. G. T., of which he was a member. A long line of neighbors and friends followed him to his last resting place by the side of his grandmother in Fasset cemetery.

WAR NEWS ON RAILWAYS

Companies Will Spread War News by Means of Signal Flags

Several of the railroads of the west, including the Chicago and Northwestern, have adopted a new method of disseminating the news along their lines. They propose to equip their trains with flag signals indicating the progress of the war with Spain.

The flags to be used and the key to their signals, as far as decided, will be as follows:

United States flag—A victory for the American land forces.

United States flag, with blue pen-

nant a ov—A victory for the American navy.

Parti-colored flag—A victory for Spanish land forces.

Parti-colored flag, with blue pennant above—A victory for Spain on the sea.

It is expected that this signal service will be general on the railroads throughout the country within a month or two.

All Wrought Up!

Mrs. Pinkham's words to nervous women—
How she helped two of them.

"Everything irritates me; I am a bundle of nerves; I ache all over and can't sleep; I don't want to be cross, but I can't help it, and then I get the blues. Little household matters work me up so that I don't know what I am saying or doing."

This extract from one of the letters to Mrs. Pinkham, describes the condition of many women.

The relation of woman's nerves to the womb and its dependencies is very close. Nine-tenths of the nervous despondency and irritability in women arises from some trouble with the organs that make her a woman.

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. Mrs. Pinkham invites you to write her for advice. You can tell every detail of your illness to her because she is a woman—anyway it is better to address a woman, for a man does not understand simply because he is a man.

Here are two letters from women who wrote to Mrs. Pinkham, followed her advice, and are now well and happy:

Mrs. W. L. ELLIOTT,
of Liscomb, Iowa, writes:

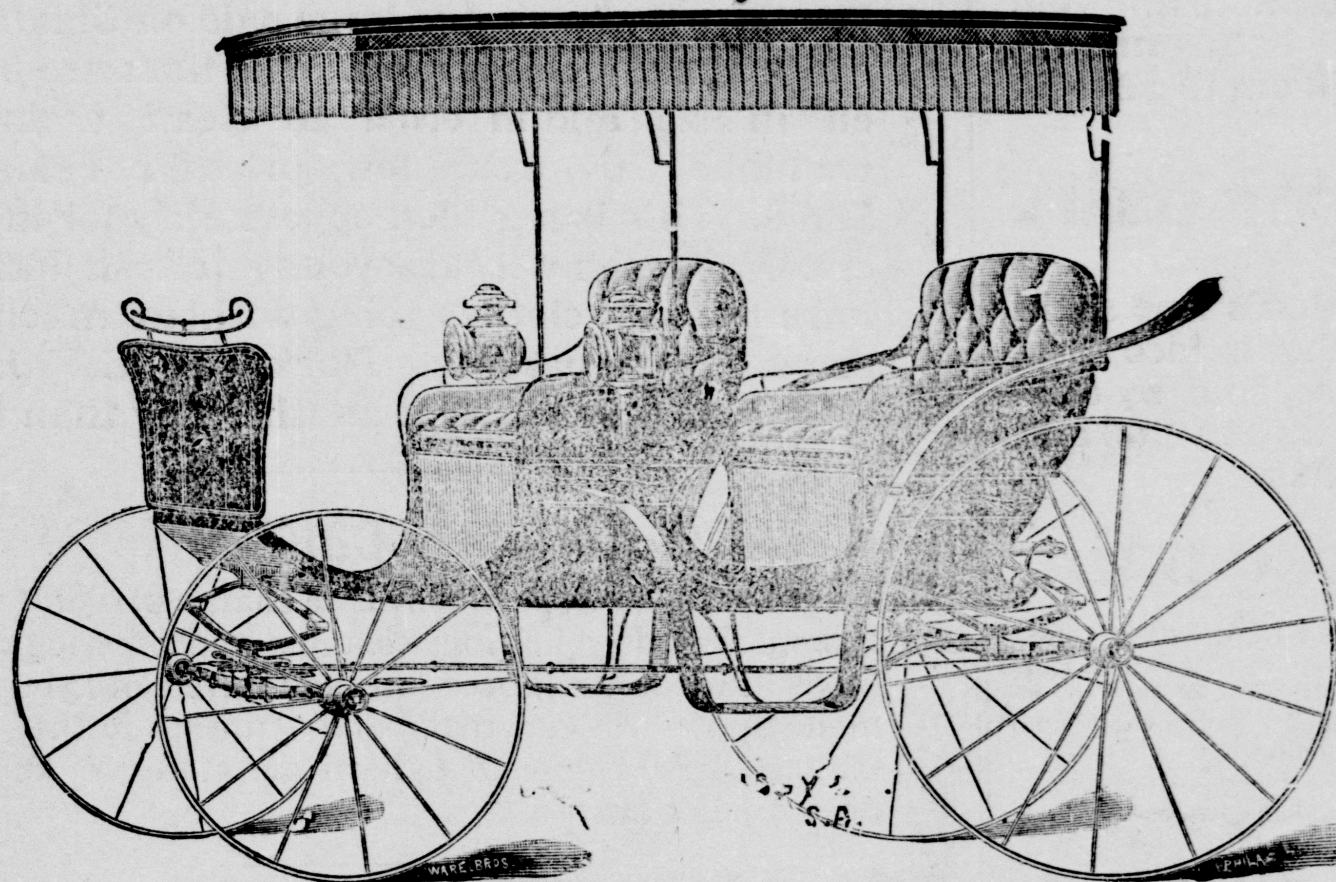

DEAR MRS. PINKHAM:—I doctored nearly all the time for two years. I spent several hundred dollars without receiving much benefit. Last June I wrote to you, and described all my aches and pains. Such a long list as there was!—headache, backache, bearing-down pains in the lower part of the bowels, terrible soreness of the womb, leucorrhoea, constipation, dizziness, feeling of extreme lassitude, menstruations were irregular, nausea and piles; but you answered my letter and told me just what to do. I followed your advice. After taking several bottles of the Vegetable Compound, three bottles of Blood Purifier, I am glad to write you that I have not enjoyed such good health for years.

Mrs. CARRIE BURGESS,
Box 115, South Gardiner, Me., writes:

DEAR MRS. PINKHAM:—For six years I have suffered with female weakness. At monthly periods I suffered so that I would have to have hot applications applied and take morphine to ease the pain. The pains I had were almost unbearable. I tried all kinds of patent medicine, also was treated by several doctors. Last October I had a very bad sick spell. I had one of the best doctors in the city. He said I had ulcers gathering and breaking in the womb, also inflammation of the womb and ovaries; but he failed to help me. I was advised to take Lydia E. Pinkham's Vegetable Compound, which I did after writing to Mrs. Pinkham for advice. I have taken the Compound and Blood Purifier, and consider myself a new woman. I can never thank you enough for your advice to me. It would take a lifetime to tell the benefit I have received from your medicine. I would advise all suffering women to take this wonderful medicine, which has no equal.

THE NATIONAL GUARD.

Wisconsin will send a fine body of men to the field of battle. Eighty per cent of the troops passed their physical examination. A dispatch from Milwaukee says:

This is the culmination of eighteen hard years of work with the national guard of the state. If the late Chandler P. Chapman, to whose unremitting labors the guard is indebted for its beginnings, could see the regiments as they march forth this week he would have felt amply repaid for all his worries, troubles and anxieties which he had to undergo that the guard might live.

It was to his untiring exertions that the guard emerged from the "tin" soldier existence into that of the ideal soldiery. When he went out of office others took up the work, where General Chapman left off and now at the end of eighteen years of the hardest kind of work, such as few outside the guard have any idea, the state troops are ready and in such shape that no one feels the slightest lack of confidence that they will be found equal to any emergency. And the confidence is the greatest among those who knew them best.

The first time the new guard had an opportunity to show the mettle of which it was made was in the riots of 1886. It was then that the state learned it had something more than "tin" soldiers and it is not oversteating the case to say the state was surprised at the discovery.

Within twelve hours after the call for mobilization was issued the First regiment was in Milwaukee, guarding threatened property, the Second regiment was in its armories ready to move and the Third was listening for the assembly.

Janesville people will recall the part the Janesville troops played at Milwaukee, with pride. The Janesville companies were facing the mob, and were the first to fire.

Wisconsin ought to be, and is, proud of her national guard. What action will the city council be expected to take on the part of the mayor's message in which he recommends suppers of bread and butter and weak tea as a medium of municipal reform? This recommendation is an important one to the tax payers, and the council should take some action thereon.

The celerity with which Mayor Thoroughgood drags in a defense of his administration on every possible occasion would tend to breed the suspicion that the mayor was not exactly satisfied there with himself.

If the United States supplies the Cuban insurgents with arms, ammunition, and food, Gen. Gomez and his men, with the assistance of the Key West fleet, should make short work of the Spanish army in Cuba.

The former Spanish minister has already discovered that our "Canadian cousins" are quite familiar with the game of Polo. His scheme of sending spies from Canada was quickly discounted.

The war department does not seem to be very well posted as to the state militia. Otherwise calls would not be sent for cavalry and batteries to states that do not maintain these branches of the guard.

England did not like to do so, but necessity compelled her to notify the United States that the torpedo boat Somers could not leave her berth in a British harbor. The boat will at once be dismantled.

The belief is general that the mayor spoke the truth when he said in his message that some office holders "are ambitious to magnify their importance."

People who read the Mayor's message will find it difficult to believe that he is opposed to the use of gas.

Col. J. B. Lagrange, formerly captain of the Bower City Rifles, has or-

ganized a regiment in Chicago. Judge John Barton Payne will be second in command.

And when Spain appealed to France, the polished Frenchmen politely bowed low, but said, "nix forestay!"—or words to that effect.

There will certainly be a "revival in business" when Uncle Sam's sailors come ashore to spend their prize money.

Judge Day has made a splendid assistant secretary of state, and his promotion is well earned.

Theodore Roosevelt's regiment of cowboy cavalry will be a power.

FEASTED AND HAD A SOCIAL TIME

LAST MEETING OF TWILIGHT CLUB FOR THE SEASON

Lady Friends and Relatives of Members Participated in the Evening's Entertainment—Patriotism Was Uppermost Among Those Present—Those Who Were There

The last meeting of the Twilight club for the season was held last evening, and consisted of a supper at the Myers House, followed by speeches by members. The wives, daughters and lady friends of the members were present in goodly numbers, and left inspiration both to the scene and the actors, inspiring the speakers to unwonted flights of eloquence. The subjects of the evening's toasts were chosen with especial reference to the presence of the ladies. While the members and their families discussed the viands before them an orchestra discoursed sweet music, while the supper was all that the most fastidious could desire.

Toasts and Responses.

At the conclusion of the repast Toastmaster M. G. Jeffris called the attention of the assemblage to the intellectual part of the evening's program, and called first upon I. P. Wortendyke to respond to a toast to the guests of the evening, "The Ladies."

The other toasts, together with those by whom responses were made, were as follows:

"Our Cause—A Just One"—Hon. J. M. Whitehead.

"The United States Navy"—Hon. O. H. Fethers.

"Our Army of Volunteers"—Capt. Pliny Norcross.

"Fortifications"—Stanley B. Smith.

"International Law"—Hon. W. G. Wheeler.

"Streets"—Officers of Regular Army"—V. P. Richardson.

"The Army Surgeon"—Dr. J. R. Whiting.

"The War Newspaper"—James O. Willmarth.

"Peace"—Rev. B. C. Denison.

That the progress of the passing events was uppermost in the minds of all present was frequently attested by passing remarks of the speakers, and by the singing of "America" and "The Star Spangled Banner," by all present during the evening, while the orchestra by request played "Dixie" and "Yankee Doodle" amid much applause.

Committees Appointed

At the last meeting Dr. J. B. Whiting was appointed to select a committee on "Public Utilities," and he reported the following names, who on motion were accepted: A. A. Jackson, John Thoroughgood, D. D. Mayne, B. F. Dunwiddie, George M. McKee and F. C. Grant.

D. D. Mayne, M. G. Jeffris and Dr. James Mill were chosen unanimously as the committee on next year's program and plans.

The Ladies Present

The ladies who graced the banquet by their presence were:

Mrs. A. H. Barrington, H. C. Buell, F. C. Burpee, J. L. Bostwick, O. H. Braud, W. F. Carle, H. C. Cunningham, B. H. Dunwiddie, J. C. Ehlman, Jas. F. Ehlman, H. S. Gilkey, F. E. ENGINEER DOLAN INTERRED TODAY

VICTIM OF THE FOND DU LAC COLLISION LAID TO REST

Many Floral Tributes From Those Who Had Been His Associates—Mortuary Mention of People Well Known in This City and Vicinity.

Numerous friends gathered at the Dolan homestead on Rock street at 1:30 o'clock this afternoon to pay their last respects to Engineer Martin B. Dolan, who was killed in the railroad wreck yesterday at Fond du Lac. On account of the body being so badly mutilated, it was deemed necessary to have it interred today. At 2 o'clock the remains were removed to St. Patrick's church, where services were conducted by Rev. E. M. McGinnity. The floral offerings were many and beautiful, many being tokens from the fellow workmen of the deceased. The funeral was in charge of the Order of Railway Engineers, and the interment was in Mount Olivet cemetery.

A Terrible Scene

The Fond du Lac Reporter in speaking of the accident says: The body of the ill-fated engineer lay at the rear end of the boiler of the 25 and steam and hot water from a half dozen broken pipes completely enveloped it. A hose was procured from the Moore & Galloway mill, connection made with a hydrant and a stream of water poured on the rear end of the boiler to cool it off and to keep the body from cooking to pieces. When the steam had subsided sufficiently, ex-Policeman David Fontana and the baggage man of the passenger train removed the body and carried it to a place near the Moore & Galloway mill. Later it was taken to the undertaking parlors of W. A. Reader. The features bore no resemblance to Engineer Dolan, so fearfully was the body burned and scalded.

Frightfully Mutilated.

When the body of Engineer Dolan was taken from the engine, his right hand was found to be tightly grasped on the handle of the throttle. His watch stopped at 10:07. The death of Mr. Dolan could have resulted from three wounds on his body—a fracture of the skull, deep irregular hole in the right side of his chest, and a deep stab in the throat. Death, then, certainly resulted before he was touched by steam.

Fireman Hinkley of the 25, of which Engineer Dolan had charge, said: "We had orders which gave us until 10:05 to make the Princeton siding, and came in a little late; when we saw the passenger at the bridge both engineers reversed, whistled, and did all they could to stop the train. I jumped when we got to the bridge."

The head engine on the freight was the 25, Engineer Martin Dolan, of Janesville, and Fireman H. S. Hinkley, of Milton Junction; the second engine was the 5, Engineer Dudley and Fireman Shumway. Conductor Tom Bosch, formerly of this city, had charge of the freight.

Saved Himself by Jumping.

When Fireman Hinkley of the 25 saw that the crash could not be avoided, he jumped from the engineer's side of the cab and just before the engine reached the bridge, landing a few feet from the water's edge in good order. He was followed a second later by Fireman Shumway of the 5, who landed about twenty feet from the water; he was not pinioned under the wreck as rumored. Both of the engineers remained at their posts.

Michael Crowley, of Milton Junction, died at Edgerton this morning, at 4:25 o'clock, aged twenty-two years. Deceased was a son of Thomas Crowley, of Milton Junction, and was highly respected by all who knew him. Four weeks ago he was taken sick with pneumonia, and all that loving hands could do to save him was done, but to no avail. He will be sadly missed by his loving parents, brothers and sisters, who are left to mourn his loss. His remains will be taken from Edgerton to his home at Milton Junction, this afternoon. Funeral services will be held at the church of the Immaculate Conception on Friday, at 10 a. m. Interment to be at Magnolia, Wis.

Michael Hayes

The funeral of the late Michael Hayes will be held from the late residence Thursday morning at 9 o'clock. Dean E. M. McGinnity will officiate and the interment will be in the Catholic cemetery in the town of Fulton.

August Zemke.

Services over the remains of the late August Zemke will be held from the home at No. 6 Nellie street, Friday at 1:30 p. m., and from St. Paul's Lutheran church at 2:30.

A Successful Specialist.

In the practice of medicine and surgery it has come about in late years that certain men have given their whole lives to the study of one disease, of the diseases of one part of the human body, or of certain lines of surgery. Thus they have become noted and famous as authorities in the specialties that they have studied and mastered.

Among the great specialists of the present day, Dr. N. E. Wood, of Chicago, ranks as a master in the line that he selected for his life work more than twenty years ago. His unequalled research in the hospitals of Europe, and his many years of successful practice as chief of the faculty of the great Chicago Medical and Surgical Institute, have made his name well known, not only throughout the length and breadth of this country, but in other countries also. His advertisement in another column tells what diseases he is prepared to treat. To any reader of this paper he will send a copy of his series of clinical lectures, which contain valuable information and suggestions to every man who is suffering from any special weakness or ailment, and he may also be consulted personally at the Hotel Myers on Saturday, April 30th.

CHAUTAUQUA AT DELAVAN

Movement for Making the Lake an Educational Resort

Delavan, Wis., April 27.—At a meeting held in the city hall last evening by the professional and business men of the city, an organization was perfected looking toward the establishment of a summer assembly in this city similar to those of Chautauque, Monona, Spirit Lake and other places. Mable Wood, a tract of forty acres on the shore of Delavan lake, has been leased and a guarantee fund of \$2,000 raised to meet the expense of the first year. The expectation is to hold the assembly in July, the session to extend through ten days and to embrace lectures by noted men as well as the usual school of instructors in various lines. These assemblies are attended by thousands in many places and the idea is to make this a general movement for this part of the state, and if successful, a permanent organization will be formed.

Mable Wood is a beautiful place and in event of success of the undertaking will be cut up into lots upon which the stockholders can build permanent summer homes.

POWDER MILLS GO UP.

Explosion at Santa Cruz—Seven Killed and Four Injured in the Crash.

Santa Cruz, Cal., April 27.—Three explosions about 5:15 Tuesday afternoon at the California powder works caused a greater loss of life than any of the previous accidents in the history of these works.

The wildest rumors are prevalent regarding the number of killed and injured, the exact number of which cannot yet be ascertained before morning. It is known that seven were killed and four seriously injured.

The first heavy shock from the explosion was felt for many miles around and was separately followed by two lighter shocks.

No doubt is entertained among the officials of the works that the explosion was due to an accident. Extraordinary precautions had been taken to prevent treachery and no well informed man entertains the opinion that the accident was the work of a Spanish spy, as was at first suggested.

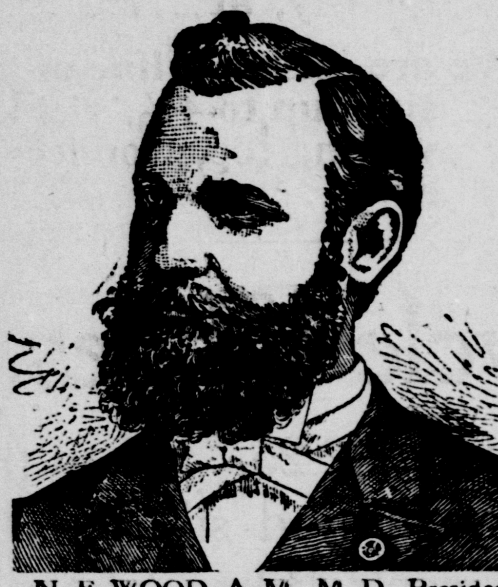

It is not thought that the explosion will interfere with the manufacture of smokeless powder for the government. The fire is now under control and all immediate danger is passed.

Spring rains and Landreth's seeds make plentiful gardens. Sanborn.

BECOME A MAN

This will interest those who have doctored with "medical companies" and "free prescription" fakes and electric belts, until they are thoroughly disgusted. I am a well known physician of Chicago and have made nervous disorders and all diseases peculiar to men a special study for 30 years. I haven't a remedy that will do wonders in a few days, but with patience and the correct use of my treatment I will guarantee to MAKE A MAN OF YOU IN TIME. For a short time I will send a full month's treatment of my "NERVE-SEEDS" with some valuable private instructions, for \$1.00, or six boxes (a full course) for \$5.00. I HAVE CURED THOUSANDS AND CAN CURE YOU. If suffering from a chronic disease of any nature write to me in confidence at once. All medicines sent in plain wrappers.

We are after more business, and, as sure as fate, we are bound to get it. We are satisfied with small margins, but in order to make any showing at the end of the year we must have large sales.
